

You're invited -

Fourth Annual Craighead House Perennial Exchange
Saturday, April 28
318 East Old York Road, Carlisle, 17015

10:00 to 10:30 a.m. Bring your plants and look over the other plants for exchange
10:30 a.m. Ticket drawing and exchange
11:00 a.m. How to Create a Pollinator-Friendly Garden

It's fun & free – Here's how it works –

- If you want to participate in the exchange, bring one to five perennials of the same or different species.
 - If you just want to watch the fun and/or the presentation, you don't have to bring any plants.
- You receive a ticket for each plant you bring.
- At 10:30 a.m. the ticket drawing begins. As the tickets are drawn, each person gets his or her choice of one plant per ticket.

After all plants are exchanged a Penn State Extension Master Gardener will present a program in Craighead's outdoor education center on the banks of the Yellow Breeches Creek on *How to Create a Pollinator-Friendly Garden*. Learn how you can beautify your gardens, improve the environment, and encourage helpful pollinators such as butterflies and bees.
